### **AEI & MNG AIRLINES SIGN B737-400SF CONTRACT AT ISTAT EUROPE**

MIAMI, FL., --October 19, 2009-- Aeronautical Engineers, Inc. (AEI), is pleased to announce that it has been selected by MNG Airlines to provide one B737-400SF Passenger to Freighter Conversion. The aircraft, a high gross weight 737-400, MSN 24126 was built in 1989 and is currently undergoing freighter modification and C1, C2 and CPCP checks at Commercial Jet, Inc. in Miami, Florida. The aircraft arrived on Saturday October 17, 2009 and is scheduled for redelivery to MNG Airlines in early 2010.

Mr. Ahmet Berkmen of MNG Airlines stated that “We're confident with our selection of the AEI P to F conversion based upon their long standing reputation for delivering a quality product that is highly reliable and backed by industry leading customer support”.

AEI's B737-400 shall provide MNG Airlines with a Main Deck capable of carrying multiple ULD's including:

- 10ea 88"x125" ULD's or
- 10ea 88"x108" ULD's or
- A mixture of both

AEI is currently in development of an optional 8ea 96"x125" + 1ea 88"x125" longitudinal cargo loading system

This unique flexibility has been designed by AEI to allow the operator to immediately adapt to multiple ULD configurations at a moments notice. When combined with proven reliability, the AEI Converted B737-400SF will allow MNG to keep their aircraft where they belong “In the air, generating revenue”.

#### **About AEI**

Formed in 1958, Aeronautical Engineers, Inc. (AEI) is the oldest conversion company in existence today. For more than 50 years AEI has provided advanced engineering solutions to aircraft owners and operators. Today the company is a global leader in passenger to freighter conversions for a wide array of aircraft, helping customers extend the life of the aircraft and increase the value of their asset. AEI has developed over 120 Supplemental Type Certificates (STCs) and 350+ aircraft have been modified with AEI STCs – more than any other conversion provider.
