### **SIDERAL SELECTS AEI B737-300SF 9 PALLET CONFIGURATION CONVERSION**

MIAMI, FL., --May 5, 2010-- Aeronautical Engineers, Inc. (AEI), is pleased to announce that it has been selected by Sideral Air Cargo of Brazil to provide one B737-300SF 9 Pallet Configuration Passenger to Freighter Conversion. The aircraft, a 737-300, MSN 24060 was built in 1988 and is currently undergoing freighter modification and heavy maintenance at AEI's Authorized Conversion Center, Commercial Jet, Inc. which is located in Miami, Florida.

Mr. Christian Pegoraro, Marketing Manager for Sideral Air Cargo stated that "We're confident with our selection of the AEI P to F conversion based upon their long standing reputation for delivering a quality product that is highly reliable and backed by industry leading customer support. Additionally, we felt that the 9 position design will give Sideral Air Cargo an advantage over our competition and allow us to better serve our customers".

AEI's Brazilian Certified B737-300SF 9 Pallet Configuration shall provide Sideral Air Cargo with a Main Deck capable of carrying:

- Eight Full Height 88"x125" AAA container positions in P1-P8 and a 88"x125"x82"high pallet in P9 (More 88"x125" pallet positions than any other 737-300 conversion)

This unique configuration has been designed by AEI to allow their customers to maximize the interior volume of the 737-300 by the addition of a ninth ULD position. When combined with proven reliability, the AEI Converted B737-300SF 9 Pallet Configuration will allow Sideral Air Cargo to keep their aircraft where it belongs "In the air, generating revenue".

#### **About AEI**

Formed in 1958, Aeronautical Engineers, Inc. (AEI) is the oldest conversion company in existence today. For more than 50 years AEI has provided advanced engineering solutions to aircraft owners and operators. Today the company is a global leader in passenger to freighter conversions for a wide array of aircraft, helping customers extend the life of the aircraft and increase the value of their asset. AEI has developed over 120 Supplemental Type Certificates (STCs) and 350+ aircraft have been modified with AEI STCs – more than any other conversion provider.
