UNDISCLOSED CUSTOMER SELECTS THE AEI B737-300SF CONVERSION

MIAMI, FL., --January 11, 2012-- Aeronautical Engineers, Inc. (AEI), is pleased to announce that it has been selected by an undisclosed customer to provide one B737-300SF 10 Pallet Passenger to Freighter Conversion. The aircraft, a B737-300, was built in 1993 and is currently undergoing freighter modification and a dual FMS UNS1FW modification at AEI's Authorized Conversion Center, Commercial Jet, Inc. which is located in Miami, Florida.

Mr. Robert T. Convey, Vice President of Sales & Marketing stated that "The award of another B737-300SF 10 Pallet conversion clearly shows that the market values conversions that offer the highest number of ULD positions." He goes on to say that "We continue to see a steady demand for our 10 Pallet 737-300SF and our 11 Pallet 737-400SF conversion products."

AEI's B737-300 10 Pallet Configuration freighter is equipped with an Ancra Main Deck Cargo Loading System capable of carrying:

- 8ea 88"x125" Full Height AAA Containers or pallets plus
- plus one AEP or AEH (size 53" x 88") in Position 1 and one AEP or AEH (size 53" x 88") or AKE, AKN or LD3 (size 60.4"x61.5") or AYY (size 61.5"x88"x56") containers in Position 10

This unique flexibility has been designed by AEI to allow the operator to immediately adapt to multiple ULD configurations at a moment's notice. When combined with proven reliability, the AEI Converted B737-300SF will allow the operator to keep their aircraft where it belongs "In the air, generating revenue".

About AEI

Formed in 1958, Aeronautical Engineers, Inc. (AEI) is the oldest conversion company in existence today. For more than 50 years AEI has provided advanced engineering solutions to aircraft owners and operators. Today the company is a global leader in passenger to freighter conversions for a wide array of aircraft, helping customers extend the life of the aircraft and increase the value of their asset. AEI has developed over 120 Supplemental Type Certificates (STCs) and 350+ aircraft have been modified with AEI STCs – more than any other conversion provider.
