AEI Announces Order for Two (2) Additional MD-80SF Series Freighter Conversions for Aeronaves T.S.M.

Miami, Florida – June 5th, 2017 – Aeronautical Engineers, Inc. (AEI) announced today the company has signed a contract to provide Mexico-based Aeronaves T.S.M (TSM) with two additional MD-83SF freighter conversions. The first MD-83 aircraft (MSN 53288) will commence modification in the beginning of June and will be re-delivered to TSM in September 2017. Commercial Jet's Miami, Florida facility will perform the modification and maintenance requirements on the first aircraft. The second MD-83 (MSN 53289) will commence modification on June 26th and will be re-delivered to TSM in October 2017. Commercial Jet's Dothan, Alabama facility will perform the modification and maintenance requirements on the second aircraft.

TSM represents the largest overall operator of AEI's MD-80SF series converted freighters. Including this order, TSM will operate a total of seven AEI MD-80SF series freighters.

The AEI MD83SF shall provide Aeronaves T.S.M. with an Ancra CLS capable of carrying:

- (12) 88" x 108" Containers/Pallets, P1 to P12

When combined with proven reliability, the AEI converted MD-83SF will allow TSM to keep their aircraft - **"In the air, generating revenue."**

About AEI

Aeronautical Engineers, Inc. (AEI) is a global leader in the aircraft passenger-to-freighter conversion business and is the oldest conversion company in existence today. Since the company's founding in 1958, AEI has developed over 128 Supplemental Type Certificates (STCs) and has modified over 440 aircraft with the STCs. AEI helps its customers extend aircraft life and increase the overall value of aircraft assets by continuously focusing on dependable and flexible product offerings. AEI currently offers passenger-to-freighter conversions for the Boeing 737-400, 737-300, 737-200, MD-80 and CRJ200 aircraft. AEI will certify its 737-800 full freighter conversion in late 2017. www.aeronautical-engineers.com
