### AEI Announces 2 Additional CRJ200 SF Freighter Conversions for Aeronaves T.S.M.

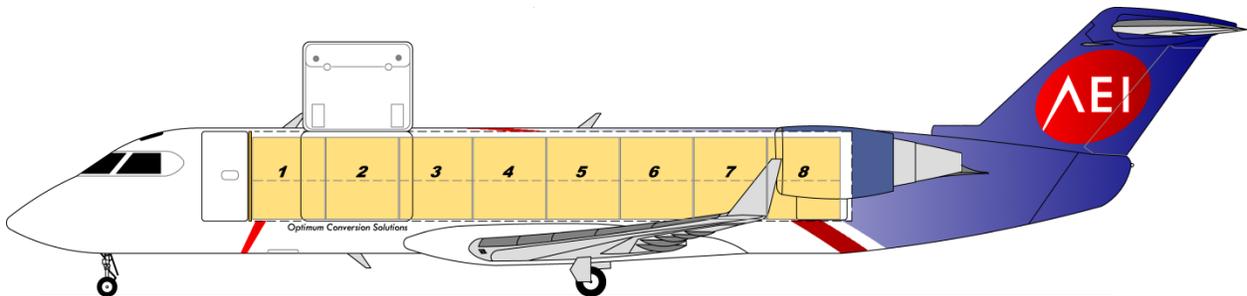

**Miami, Florida – February 8<sup>th</sup>, 2021** – Aeronautical Engineers, Inc. (AEI) is pleased to announce the company has signed a contract to provide Mexico-based Aeronaves T.S.M. (TSM) with two additional CRJ200 SF Freighter Conversions. The first CRJ200 (MSN 7708) of this order will commence in May 2021, followed by the second aircraft (7679) commencing modification in September 2021. The authorized AEI Conversion Center, Commercial Jet, located in Dothan, Alabama will perform all modification touch labor and maintenance requirements for the conversions.

Upon completion and delivery, TSM will operate a total of 10 AEI CRJ200 SF freighters.

The AEI CRJ200 SF shall provide Aeronaves T.S.M. with an Ancra CLS capable of carrying:

- (8) 61.5” x 88” Containers/Pallets, P1 to P8

When combined with proven reliability, the AEI converted CRJ200 SF will allow TSM to keep their aircraft - **“In the air, generating revenue.”**

### About AEI

Aeronautical Engineers, Inc. (AEI) is a global leader in the aircraft passenger-to-freighter conversion business and is the oldest conversion company in existence today. Since the

company's founding in 1958, AEI has developed over 130 Supplemental Type Certificates (STCs) and has modified over 510 aircraft with the STCs. AEI helps its customers extend aircraft life and increase the overall value of aircraft assets by continuously focusing on dependable and flexible product offerings. AEI currently offers passenger-to-freighter conversions for the Boeing 737-800, 737-400, 737-300, MD-80 series, and CRJ200 aircraft.
