AEI Announces Order from Everts Air Cargo for an Additional MD88SF Freighter Conversion

Miami, Florida – February 6th, 2023 – Aeronautical Engineers, Inc. (AEI) announces the company has signed a contract to provide Fairbanks, Alaska-based Everts Air Cargo with an MD88SF freighter conversion. The aircraft will commence modification in March 2023. Modification touch labor will be performed by Dothan, Alabama-based, Commercial Jet, which is an authorized AEI Conversion Center. Everts will use the freighter to accommodate fleet expansion plans.

The AEI MD88SF shall provide Everts Air Cargo with an Ancra CLS capable of carrying:

- (12) 88" x 108" Containers/Pallets, P1 to P12

When combined with proven reliability, the AEI converted MD-88SF will allow Everts Air Cargo to keep their aircraft - **“In the air, generating revenue.”**

About AEI

Aeronautical Engineers, Inc. (AEI) is the global leader in the aircraft passenger-to-freighter conversion business and is the oldest conversion company in existence today. Since the company's founding in 1958, AEI has developed over 130 Supplemental Type Certificates (STCs) and has modified over 550 aircraft with the STCs. AEI helps its customers extend aircraft life and increase the overall value of aircraft assets by continuously focusing on dependable and flexible product offerings. AEI currently offers passenger-to-freighter conversions for the Boeing 737-800, 737-400, 737-300, MD-80 series, and CRJ200 aircraft. <https://www.aeronautical-engineers.com/>

About Everts

Everts Air Cargo is the sister company to Everts Air Alaska and was formed in 1995 as a 121 Certificated Cargo Airline. Everts Air Cargo is headquartered in Fairbanks where it serves as the primary base for maintenance, administration, and charter operations. Everts Air Cargo specializes in serving the unique needs of our customers who reside in the larger Alaskan cities, as well as, small villages in remote locations. Everts Air's primary business is transporting freight and mail, including the movement of oversized freight, hazardous materials, small packages and most anything else that fits through the cargo door. Everts Air Cargo employees and pilots are experts in loading and transporting the supplies that build and support Alaska. The company's fleet consists of the well-known vintage C-46 and DC-6 aircraft, which are especially well-suited to the many shorter, unimproved gravel or ice runways in Alaska, along with DC-9s, and MD-80s. www.evertsair.com
