Aeronaves T.S.M. Orders Six Additional AEI CRJ200 SF Freighter Conversions

Miami, Florida – April 3rd, 2021 – Aeronautical Engineers, Inc. (AEI) is pleased to announce that Saltillo, Mexico-based Aeronaves T.S.M. S.A. de C.V. (TSM) has ordered an additional six (6) AEI CRJ200 SF freighter conversions. The modifications for all the aircraft are being performed by the authorized AEI Conversion Center, Commercial Jet, in Dothan, Alabama. The first CRJ200 of this order has already commenced modification and will be completed in June 2023. The remaining aircraft will follow with all CRJ200 SFs of this order completed by June 2024.

Last month, AEI announced an order from TSM for another B737-400SF freighter conversion. This aircraft along with the CRJ200 SFs will be used to support TSM expansion efforts.

The AEI CRJ200 SF shall provide Aeronaves T.S.M. with an Ancre CLS capable of carrying:

- (8) 61.5” x 88” Containers/Pallets, P1 to P8

When combined with proven reliability, the AEI converted CRJ200 SF will allow TSM to keep their aircraft - **“In the air, generating revenue.”**

About AEI

Aeronautical Engineers, Inc. (AEI) is the global leader in the aircraft passenger-to-freighter conversion business and is the oldest conversion company in existence today. Since the company's founding in 1958, AEI has developed over 130 Supplemental Type Certificates (STCs) and has modified over 580 aircraft with the STCs. AEI helps its customers extend aircraft life and increase the overall value of aircraft assets by continuously focusing on dependable and flexible product offerings. AEI currently offers passenger-to-freighter conversions for the Boeing 737-800, 737-400, 737-300, MD-80 series, and CRJ200 aircraft. <https://www.aeronautical-engineers.com/>
